2016 News Letter

DR. HANK SCHOLTENS

It is with mixed feelings that we begin to say goodbye to one of our Founding Physicians Dr. Hank Scholtens.

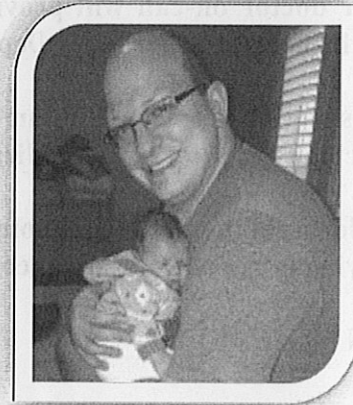

After 45 years of medical practice, Dr. Schotens will be retiring on September 1, 2016.

"It has been a pleasure and privilege to share weal and woe, laughter and tears with my patients over these many years. If I have been a blessing in your life, don't thank me, thank the Lord. If I have fallen short and disappointed you, I beg your forgiveness". HS

Watch our website and signs at the clinic for details about a September open house to honour and celebrate Dr. Scholtens.

We are happy to welcome Dr. Paula Crieghton to our clinical team. Dr. Crieghton specializes in Geriatric Medicine. Your family physician can provide you with additional information.

DR. JORDAN WRONZBERG AND NEW BABY LAUREN

You may have met Dr. Wronzberg during his locum with the Carlisle Medical Centre in 2014. It was at that time that Dr. Scholtens got to know Dr. Wronzberg as a kind and caring young man, and an excellent physician.

On September 1, 2016, Dr. Wronzberg will be the primary physician for Dr. Scholtens' patients, joining Dr. Barbara McMeekin, Dr. Peter Bzonek, Dr. Cindy Donaldson, Dr. Sophia Xenoyannis, Dr. Nathalie Desbois and Dr. Heather McCarrel in providing timely, competent and compassionate medical care to the residents of our community.

Dr. Wronzberg graduated from the Faculty of Medicine at the University of Ottawa in 2011 and completed his Family Medicine Residency in Hamilton at McMaster University, in 2013. He lives in the area with his wife and new baby girl.

Dr. Scholtens will be here until the end of August, and though we are aware that changing doctors can make people feel nervous, we encourage you to meet with Dr. Wronzberg, he is approachable and kind.

Dr. Wronzberg is taking a **limited** number of new patients. Please call the office for further details.

The other physicians at the clinic are not taking new patients at this time.

i In the future we may utilize the internet to provide patients with current events, appointment reminders and newsletters. If you are interested, please leave your email address with the receptionist at your next visit.

The office is open from Monday – Thursday: 8:00 a.m. – 9:00 p.m. and Friday 8:00 a.m. – 7:00 p.m. The phones are not answered between 12:00 p.m. to 1:00 p.m. daily. We encourage you to call between 8:00 a.m. and 10:00 a.m. or between 6:00 p.m. and 7:00 p.m. to arrange an appointment to see your doctor. Please do NOT go to a Walk-in-Clinic. The physicians there do not have access to your medical record, and we are rarely informed of your visit. It is our conviction that speaking with or seeing our doctor on-call will provide you with better care. If your call is of an urgent nature, please go to the nearest Emergency Department, or call 911 immediately.

To better assist you with booking an appointment with the physician you are rostered to or your family physician the following list indicates the days that your physician is in the office.

Please consider calling for an appointment closer to the day you are hoping to be seen, we are gradually trying to reduce our advance bookings to keep the schedule more open and flexible.
